**Subject:** Lagoon Recycling Option 2

Good morning, Sean!

Please see attached quote.

As you know, the weather is changing and the oil will be getting harder to pump. If you'd like, we can try this in addition to what we are doing now. We can just try out 1 load, if you'd like. In this option, transportation is a separate line item (\$85/hour). This option averages 10 cents per gallon for transportation if it can be done in 8 hours (we would know this after the 1st trip). Please let me know if you have any questions or if you would like to incorporate this option.

Thanks,

Nils
